

COVID-19 CUSTOMER UPDATE

Dear Customers,

As an essential service provider, Canterbury Linen Services is open and servicing customers while complying to the MOH guidelines.

COVID-19 presents unprecedented challenges for our communities globally and within New Zealand.

We are implementing all possible plans and precautions to maintain our current service levels whilst ensuring the safety of our people, our customers and community.

This means that while delivery of linen to all our customers will continue, we ask that all customers provide a means of completing this while allowing for the 2 metre distancing required. This is consistent with the Government's advice.

Canterbury Linen Services is working hard to ensure our products and services are as robust as possible, whilst being prepared to adapt to different scenarios for our staff and customers.

We sincerely hope that our customers stay safe and healthy.

Yours Sincerely,

Rodney Fisher
General Manager
